LURELOGIK™

Optimize the success of your hunt with LURELOGIK™. This automatic scent dispersion system releases estrous and food odors that will attract and hold bucks to a specific area when strategically placed in your favorite hunting site. Perfect for such activities as hunting, photography and wildlife observation.

KIT18001 Lurlogic Timer

- Features an eight-position dial for releasing spray at desired intervals ranging from 1 minute to 4 hours
- Offers the specific advantage of maintaining a desired level of scent dispersion even when the

hunter or photographer is not present
• Scents/lures are atomized for better dispersion and the dispenser easily attaches to limbs or trees
• Kit includes: spray device, attachment cord, aerosol refill and easy to follow instructions
6/Pack

KIT18002 Lurelogik Remote

- Utilizes an electronically controlled scent dispersion system to attract and hold deer to a desired site
- Activated by a light, compact remote control, which is effective up to 50 yards away
- The dispenser atomizes food or lure scents at the touch of a button
- Easily attaches to limbs or trees, and may be refilled with the desired scents/lures
- Kit includes: spray device, remote control, attachment cord, aerosol refill and easy to follow instructions
6/Pack

Lurelogik Refill

- Aerosol Atomizer with Push Button
- Can be used by itself or with LURELOGIK™ Spray Timer and Remote Dispensers
- The actual scent molecules will become airborne and will travel farther than traditional lure products
- The 3.5 oz. can contains about 150 sprays, good for 24 hours of hunting time
- Available in (3) scents/lures: Apple, Buckalure, Doe Estrous
12/Pack

- REF11223 Doe Estrous**
- REF11225 Buckalure**
